1. Introduction

This document is the Administration Strategy of Northamptonshire Local Government Pension Fund and Cambridgeshire Local Government Pension Fund managed by Northamptonshire County Council and Cambridgeshire County Council respectively (the administering authorities). The administration of these Funds is carried out on behalf of the administering authorities by LGSS.

The aim of this strategy is to set out clearly what is expected from the administering authorities and the Funds' employers, in order to deliver a high quality, value for money service to Scheme members.

2. Administration Strategy

This Administration Strategy is effective from [Insert Date]. It will be reviewed annually to ensure the strategic objectives remain relevant.

A separate Business Plan including actions in relation to administration matters is published and reviewed annually. This outlines how we intend to deliver this strategy, including how we achieve our objectives, the measurements we have in place to monitor our success and a timetable of events.

Regulatory framework

This Statement has been produced in accordance with Regulation 59 of the Local Government Pension Scheme Regulations 2013. The Regulations provide that Administering Authorities may prepare, maintain and publish a written Statement setting out their policy concerning administration matters, and that the administering authority and its employing authorities must then have regard to that strategy when carrying out their functions.

The Regulations also require that the administering authority should consult with its employing authorities (and any other persons it considers appropriate) in preparing or reviewing its administration strategy.

In addition, regulation 70 allows an administering authority to recover additional costs from a scheme employer where, in its opinion, they are directly related to the poor performance of that scheme employer. Where this situation arises the administering authority is required to give written notice to the scheme employer, setting out the reasons for believing that additional costs should be recovered, the amount of the additional costs, together with the basis on which the additional amount has been calculated.

This Administration Strategy of the Northamptonshire Pension Fund and Cambridgeshire Pension Fund therefore sets out the information as required by the Regulations mentioned above.

Nothing in this strategy overrides the legal responsibilities of any parties, for example the statutory requirement¹ to notify the Pension Regulator in the event of a material breach of the law.

Key objectives

The administration of Northamptonshire Pension Fund and Cambridgeshire Pension Fund will be delivered in line with these objectives. We aim to:

- Provide a high quality, friendly and informative administration service to the Funds' stakeholders.
- Administer the Funds in a cost effective and efficient manner utilising technology.

¹ Under section 70 of the Pensions Act 2004

- Ensure each Fund and its stakeholders are aware of and understand their roles and responsibilities under the LGPS regulations and in the delivery of the administration functions of the Fund.
- Put in place standards for each Fund and its employers and ensure these standards are monitored and developed as necessary.
- Ensure each Fund and its stakeholders have the appropriate skills and receive training to ensure those skills are maintained in a changing environment.
- Ensure benefits are paid to, and income collected from, the right people at the right time in the right amount.
- Maintain accurate records and ensure data is protected and has authorised use only.
- Understand the issues affecting scheme employers and the LGPS in the local and national context and adapt strategy and practice in response to this.

Measurements are in place to determine if these objectives are being met, which are published in the Administration Section of the Funds' Business Plans.

Delivering the Objectives

Method of Delivery

The Funds' administration will be carried out by LGSS which, as an in-house shared service arrangement, benefits from the efficiency of joint delivery whilst retaining control within the two administering authorities to meet individual Fund objectives. The Funds will be proactive in setting strategies to which the LGSS services should adhere to, including this Administration Strategy.

Procedures for liaison and communication with employers and other stakeholders

The delivery of a high quality administration service is not the responsibility of just the administering authority, but depends on the joint working of the administering authority with a number of individuals in different organisations to ensure scheme members, and other interested parties, receive the level of service in line with the Funds' objectives as well as ensuring that statutory requirements are met.

In particular, the administering authority relies on employers to provide them with the appropriate information to maintain accurate records and pay accurate benefits. The Funds acknowledge that this is a partnership arrangement, underlined by strongly targeted performance measures, as shown below:

- Providing a named contact (and deputy) at the Fund for all employer communications and queries
- Providing clear instructions and forms/interfaces to allow seamless transfer of information by employers

- Provide information within the performance standards outlined in this Strategy
- Ensure all information provided is correct by having an appropriate quality review process in place
- In return, the employers within each Fund are expected to:
 - Provide a named contact (and deputy) at the employer for all Fund communications and queries. Where multiple contacts are provided (for different duties) name one person who is ultimately responsible for ensuring the employer carries out their roles and responsibilities.
 - Provide information to the Fund as outlined in instructions using the Fund's approved forms and/or interfaces
 - Aim to provide information within the performance standards outlined in this Strategy
 - Ensure all information provided is correct by having appropriate quality review in place

Full details of the procedures for liaison and communication between the Funds and its stakeholders are included within the Funds' Communication Strategy.

Performance Standards

The Funds will ensure that all functions/tasks are carried out to the agreed quality standards. In order to comply with both the Regulatory requirements and the Funds objectives, LGSS aims to achieve a high quality administration service and timeliness of performance. Strong review of its performance measures will determine this.

Procedures for ensuring compliance with statutory requirements and measuring levels of performance

Various means will be employed, as determined from time to time, to assist in monitoring compliance with this Administration Strategy. More detailed methods may be included in a service level agreement (SLA) between an individual scheme employer and the respective administering authority (signed on behalf of the latter by LGSS Pensions).

Methods may include:

- Internal/External Audit review of processes and internal controls
- Performance monitoring against LGSS tasks noted in Appendix C.
- Performance monitoring of the Employers against Appendix B and individual employer SLA's.
- Compare performance against other Administering Authorities by using CIPFA Pensions Benchmarking club

- The Fund's Employer liaison function will offer the following services; The opportunity for a biennial review meeting between a representative of the administering authority and the scheme employer to monitor and review performance against targets, the quality of information exchange and ensure compliance with statutory obligations.
- Seminars and training sessions, including webinars, on the most pertinent issues affecting Fund members and employers
- An Employer Pension Forum will be held, at least on an annual basis
- A Employer Helpdesk is available from 9am to 5pm during normal working days to answer queries by telephone or email.

Improving Administration

Using the means mentioned above, the Funds will monitor progress against this Administration Strategy. This information is reported to the respective Funds' Pension Committees and Pension Boards alongside any remedial action taken where the expected standards are not being met. In addition, key performance indicators relating to the Funds' and their employers' performance will be reported in their respective Annual Report and Accounts.

Circumstances where the administering authority may levy costs associated with the employing authorities poor performance

Regulation 70 of the Local Government Pension Scheme Regulations 2013 provides that an administering authority may recover from an employing authority any additional costs associated with the administration of the scheme incurred as a result of the poor level of performance of that employing authority. Where an administering authority wishes to recover any such additional costs they must give written notice stating:-

- The reasons in their opinion that the scheme employer's poor performance contributed to the additional cost;
- The amount of the additional cost incurred;
- The basis on how the additional cost was calculated; and
- The provisions of the pension administration strategy relevant to the decision to give notice.
- In instances where the performance of the scheme employer results in fines being levied against the administering authority by the Pension Regulator, Pensions Ombudsman or other regulatory body, these costs will be recoverable immediately.

Circumstances where costs might be recovered

It is the policy of the Fund to recover additional costs incurred in the administration of the Scheme as a direct result of the unsatisfactory level of performance of any scheme employer.

The circumstances where such additional costs will be recovered from the scheme employer are:

- failure to provide relevant information to the Fund, scheme member or other interested party in accordance with specified performance targets in this Administration Strategy (either as a result of timeliness of delivery or quality of information)
- failure to pass relevant information to the scheme member or potential members, either due to poor quality of information or not meeting the agreed timescales outlined in the performance targets in this Administration Strategy
- failure to deduct and pay over correct employee and employer contributions to the Fund within the stated timescales
- Instances where the performance of the scheme employer results in fines being levied against the Fund by the Pension Regulator, Pensions Ombudsman or other regulatory body.
- Instances where an act or failure to act by an employer results in an unauthorised payment under the Finance Act 2004 which results in the Fund being subject to a tax liability.
- Instances where an act or failure of a scheme employer results in a benefit being incorrectly awarded and the subsequent overpayment is not able to be recovered from the scheme member.

The approach by the Fund when such instances occur is as follows:

1. Write to the employer noting the Fund's areas of concern regarding the employer's performance and offer training or a meeting to address the issue.

Note that some performance standards are expressed as a percentage less than 100%. This recognises that for certain, often high volume, work there may be legitimate reasons why 100% compliance with a target is not possible. For these categories the target is measured monthly in order to highlight areas of potential concern.

- 2a. If no improvement is made within one month of the above date, or where the matter in question is not a regular event and no improvement is made at the next occasion that that same matter occurs, **and the offer of training or a meeting has not been accepted**, the Fund will issue a formal written notice. The notice will set out the area(s) of concern that have been identified, the steps taken to resolve those area(s) and notice that the additional costs will now be reclaimed.

OR

- 2b. If no improvements is made from one month following either a training session or a meeting with the Employer, or where the matter in question is not a regular event and no improvement is made at the next occasion that that matter occurs following the training or meeting, the Fund will issue a formal written notice. The notice will set out the area(s) of concern that have been identified, the

steps taken to resolve those area(s) and notice that the additional costs will now be reclaimed.

3. An invoice will then be issued to the scheme employer which sets out calculations of any loss resulting to the Fund, or additional cost, taking account of time and resources in resolving the specific area(s) of unsatisfactory performance, in accordance with the fee scale set out in this document.
4. All instances of additional costs recharges will be presented to the Pension Fund Committee and Local Pension Board.

All communications will be directed to our most senior contact within a scheme employer organisation from the beginning of this process. In the case of poor performance by a third party HR/payroll supplier, the relevant scheme employer will be informed of action being taken from the outset of the process.

Any costs recovered will be paid into the respective Pension Fund to reduce the administration cost to all scheme employers in the Fund.

Illustrative additional administration costs

Based on the Fund's experience of dealing with late or inaccurate information, we have been able to make accurate estimates of the amount of additional resource required in order to remedy the problems this causes. The costs below reflect the additional resource required to chase information and correct inaccurate data. They also reflect the fact that having to re-run calculations multiple times as a result of poor data presents an opportunity cost as staff would be otherwise more productively engaged.

Note that any further costs incurred as the result of non-payment of invoiced additional costs will also be passed on to the relevant scheme employer.

As such the fees shown below are illustrative and may be higher (or lower) if individual circumstances are atypical.

Employer Scheme function		Illustrative charge
Administration process	Description	
Monthly contribution pay over	Late payment of employee, employer and additional pension contributions (APC/ARC/Added years) to the Fund by the 19 th of the month following deduction	<p>£80 if no interest charge</p> <p>Additional £100 if interest charges need to be calculated</p> <p>Interest payable at prevailing rate if payment more than 30 days late</p> <p>£80</p>

	No schedule of payments sent and received by the Fund	
New active member	Scheme employer has not notified the Fund within 10 working days of the relevant calendar month end	£50 per notification A further £30 for each month the notification is outstanding
Leavers (non-retirement)	Scheme employer has not notified the Fund of any leaver. The late or non-provision of a leaver form. Poor data detailed on the form, in particular inaccurate pay details.	£50 per notification A further £30 for each month the notification is outstanding
